

Lady Liadan's Learning Library
Episode 5: Pottery

Supplies list:

Air dry clay: I am using the Crayola brand but whatever is available is just fine. Just make sure that it is non-toxic. Most clays come in white or terra-cotta.

Cookie cutters or stiff shapes(wood is best for cutting around)

Rolling pin or a small, short dowel rod

Small container of water

Popcicle sticks, plastic knife, fork, and spoon, toothpick

Leaves, flowers, shells, or mosaic tiles
